

Detail for booking bigger groups.

To ensure the quality of our adventures and the safety of our riders, we limit the number of participants on any one run to six. For larger groups such as yours, we will split into two groups and run two sessions back-to-back. While one part of the group is out on the quads, the others can enjoy coffee and cake in the Nuttery café, which is also our meeting point.

If this suits you, please book two consecutive sessions. Your session must start at 9.30am or 12.00pm. Please email us after booking.

*

For mixed groups we recommend the 'Thrill' adventure, but you can always book a different adventure for each part of your group, dividing participants by physical fitness and strength. Please note that the 'Challenger' is exactly what it says, a physical challenge, and the 'Endeavour' may be too much for some. Raiders must be fit and strong. Please see the Know More page on our website for more advice on choosing the best adventure for you.

If you are short on time, we also offer a shorter session: The Taster; two of these back-to-back would take just over 2 hours.
